Easy count

&

Easy weigh

INTRODUCING

the new EEZYcount tablet counter and weighing balance for all pharmacy, dispensary, veterinary and chemists premises in the UK and Ireland.

Conforming to the latest NAWI (EN45501/15) Directive for Non-Automated Weighing Instruments, the EEZYcount is trade stamped by our engineers in the United Kingdom. It is therefore suitable for sale and use in the United Kingdom & Republic of Ireland.

KEY FEATURES

- **Easy User Operation** – seamlessly switch between counting and weighing mode with the press of one button
- **Internal Calibration as standard** – provides assurance that machine is in good working order, and ensures reliable and accurate results.
- 2 decimal place readability with 3 place precision
- **Cross contamination minimisation** – By using removable, washable and disposable dispensing container, the operator can minimise the potential for cross contamination of different medicines
- **Balance protection** from dust, spillages etc. With plastic dust cover over balance display & keyboard
- **Stamped legal for trade** to ensure compliance with EU Law and minimising potential for fraud

EEZYcount

BJ 610C

the new Economy BJ610C Tablet counter and weighing balance is a low cost alternative to the EEZYcount balance and can be used in similar environments.

It also conform to the latest NAWI (EN45501/15) Directive for Non-Automated Weighing Instruments. The BJ610C is stamped legal for trade by our team of engineers in the United Kingdom and is suitable for sale and use in the United Kingdom, Northern Ireland & Republic of Ireland.

KEY FEATURES

- Small, robust and lightweight
- Can be battery operated
- Counting and Weighing mode option available
- Not as high precision as EEZYcount balance but suitable for most counting applications
- Balance protection from dust, spillages etc. with plastic dust cover over balance display & keyboard
